Hot Fiesta Online Slot Review

Join the party with the Hot Fiesta online slot from

Pragmatic Play. This colorful slot has a Mexican theme, and you can celebrate with the locals at some of the top desktop and mobile casinos. Features of this five-reel, 25-line game include wild multiplier symbols, and a free games feature where those wilds move around the grid.

With enough wilds in view, a 25x multiplier can really give you something to sing and dance about. Play the Hot Fiesta slot online, and you can win up to 5,000x your bet from this high volatility game.

South of the Border

Celebrations

Pragmatic Play slots often use a similar style of graphics, with detailed but cartoonish {img}, and that's certainly true here. The party plays out against a colorful street scene, with confetti filling the air and Mariachi music filling your ears.

Symbols on the 5x3 grid include decorated playing card emblems, maracas, a guitar, and accordion. The Hot Fiesta slot machine also features a beautiful Senorita, cheerful guitarist in a sombrero hat and bright purple donkey pinata.

The scene is set

for a great party, and when the fireworks scatter symbol triggers a free games round, the celebrations go off with a bang. If you enjoy online slots with a Mexican or Western style, then you won't be disappointed by the vibrant colors and {img} used here.

Play Across 25 Lines

Twenty-five paylines cross the five reels of the Hot Fiesta online slot. It's a high volatility game with an average payback percentage of 96.56%, and wins can reach 5,000x your total bet. Click the control buttons to stake between 0.25 and 125.00 on each spin. It's the standard Pragmatic Play setup that gives you a chance to adjust coin values and bet levels, but we much prefer the simpler option where you click plus or minus tabs to set your stakes.

Other buttons trigger an

automatic spin function, and of course, it all works just fine across PCs, iOS,

Android, and Windows mobiles. You can try some practice spins and play Hot Fiesta slot for free, then for cash prizes at the top Pragmatic Play sites. Take a look at the paylines table to see how many times your stake you can win in real-money mode –

Prizes From the Pinata

The wild donkey pinata stands in for others if it can then complete a win. There are extra reasons to celebrate this smiling symbol's appearance, as all wilds have a random multiplier of 2x, 3x, or 5x attached to them. If the wild becomes part of a winning combination, the payout multiplies by the amount shown. What makes the deal even sweeter is that multipliers combine if more than a single wild is part of the win.

The wild can't act as the fireworks symbol. Land this scatter symbol in any places on reels one, three, and five to launch a free games round. You also get a win equal to 3x the total bet. Before the bonus spins begin, the Hot Fiesta slot machine takes you to a 3x3 grid of pinata symbols. These explode, with each revealing a number between one and three, which combine to give you between nine and 27 free games.

Walking wild symbols feature in this round. Any wilds stay on the reels for the rest of the free spins, moving around at random. You can build quite a collection of wild pinatas before the end of the feature, making it progressively easier to see winning combinations.

These wilds still carry the 2x, 3x, or 5x multipliers with them, so it's an exciting and potentially very rewarding round. You can't retrigger this feature of the Hot Fiesta slots game, so once your allotted number of free spins is over, you return to the base games.

More Mexican Style Games

The Esqueleto Explosivo slot machine comes from Thunderkick. It has a Mexican Day of the Dead theme and features cartoon skeletons across five reels and 17 betways. This hugely popular game has colorful skull symbols, cascading reels, and exploding wilds.

A rampaging bull is the star of the La Fiesta online slot by Relax Gaming. Look out for wild tomatoes that stick in place and stacked bull symbols. There are four free spins features, with sticky wilds, multipliers, stacked symbols, and extra games available.

Plenty of

Reasons to Celebrate

If you don't mind high volatility games, the Hot Fiesta slot machine is definitely one to play. It's bright, colorful, and suitably cheerful and has a couple of neat features. Wild multipliers can combine to boost wins by up to 25x, and if enough wilds land during the free game, you could see an explosion of wins.

Celebrate Mexican style when you play the Hot Fiesta online slot. It's found at our recommended Pragmatic Play sites, so join up and party with the pinatas.
