Introdução

O Blackjack, também conhecido como 21, é um popular jogo de cartas de casino, onde os jogadores tentam criar uma mão de cartas com um total mais alto do que a do croupier, mas sem passar de 21. Neste artigo, analisaremos as regras básicas do Blackjack e compartilharemos dicas valiosas para ajudar você a melhorar suas habilidades e chances de ganhar.

O Básico no Blackjack

No início do jogo, cada jogador e o croupier recebem duas cartas. Ao contrário do croupier, você, como jogador, recebe uma carta escondida. Um dos objetivos finais é ter um total maior do que a mão do croupier, mas não maior do que 21.

My Bet Casino Review

My bet casino has been around since 2003 and is part of the Personal Exchange international ltd and owned by mybet holding SE. Their website includes a variety of different products including a live dealer casino which uses the Amaya platform, a wide range of other Net Entertainment games, live betting on proprietary software and their poker product on the playtech platform. Their casino section at first glance is very easy to use and navigate through. The casino's software is powered by a Canadian software company called Amaya Gaming Group. As we mentioned above mybet's site had a wide range of games including several branded games such as slot games from Marvel and also third party games from Nextgen and other casino software providers. With a range of 160 games in total (and growing every month) you will never get bored of my bet casino! The registration and depositing process is very easy and straight forward for anyone to follow compared to other casinos that can complicate things a bit and confuse users, this is not the case with mybet. In order for new users to deposit money to the casino they must go through their registration process first, then they need to deposit money and finally transfer chips to the casino. Before transferring the chips players are given the option to try out the trial-demo mode of each game which is always good especially in blackjack! At mybet new players receive a fantastic first deposit bonus of up to 500 Euros. When players go through the sign up process and transfer their chips after depositing they receive an 100% welcome bonus up to 500 Euros maximum to

get started! In order to meet the T&Cs of the bonus, during the initial chip transfer players must exchange a minimum amount of 25 Euros or 500 Euros if players want to take the maximum advantage of their welcome bonus. The welcome bonus will be automatically activated and will appear in the "my account" section. For regular players that deposit frequently the VIP club option at mybet is ideal! In order to get an invitation to join players must deposit and play on a regular basis. There are a lot of advantages of joining the VIP club including: a fantastic VIP welcome bonus, additional free bonuses, special promotions only available to VIP's, higher deposit limits and last but not least dedicated support and casino managers.
